The diagram illustrates a dependency or call relationship. Two source functions, 'ZEngine::RHI::FD3D12Buffer::GetGPUVirtualAddressWithOffset' and 'ZEngine::RHI::FD3D12Buffer::SetName', are shown in white boxes on the left. Blue arrows point from each of these boxes to a single target function, 'ZEngine::RHI::FD3D12Resource::Get', which is shown in a gray box on the right.
